Marks of an Absolute Witch Jan 07 2022 This work explores the social foundation of evidence law in a specific historical social and cultural context - the debate concerning the proof of the crime of witchcraft in early modern England. In this period the question of how to prove the crime of witchcraft was the centre of a public debate and even those who strongly believed in the reality of witchcraft had considerable concerns regarding its proof. In a typical witchcraft crime there were no eyewitnesses, and since torture was not a

standard measure in English criminal trials, confessions could not be easily obtained. The scarcity of evidence left the fact-finders with a pressing dilemma. On the one hand, using the standard evidentiary methods might have jeopardized any chance of prosecuting and convicting extremely dangerous criminals. On the other hand, lowering the evidentiary standards might have led to the conviction of innocent people. Based on the analysis of 157 primary sources, the book presents a picture of a diverse society whose members tried to influence evidentiary techniques to achieve their distinct goals and to bolster

their social standing. In so doing this book further uncovers the interplay between the struggle with the evidentiary dilemma and social characteristics (such as class, position along the centre/periphery axis and the professional affiliation) of the participants in the debate. In particular, attention is focused on the professions of law, clergy and medicine. This book finds clear affinity between the professional affiliation and the evidentiary positions of the participants in the debate, demonstrating how the diverse social players and groups employed evidentiary strategies as a resource, to mobilize their interests. The

witchcraft debate took place within the formative era of modern evidence law, and the book highlights the mutual influences between the witch trials and major legal developments.

The Witch Doctors May 11 2022 *The Witch Doctors* is a one-stop guide to management theories, fads, and the gurus who promote them that will spark controversy, debate, and a dialogue for change. Funny, entertaining and outspoken, this is a book no American worker can afford to miss. *Evil Incarnate* Oct 16 2022 In the 1980s, America was gripped by widespread panics about Satanic cults. Conspiracy theories abounded about

groups who were allegedly abusing children in day-care centers, impregnating girls for infant sacrifice, brainwashing adults, and even controlling the highest levels of government. As historian of religions David Frankfurter listened to these sinister theories, it occurred to him how strikingly similar they were to those that swept parts of the early Christian world, early modern Europe, and postcolonial Africa. He began to investigate the social and psychological patterns that give rise to these myths. Thus was born *Evil Incarnate*, a riveting analysis of the mythology of evilconspiracy. The first work to provide an in-depth analysis of the topic, the

book uses anthropology, the history of religion, sociology, and psychoanalytic theory, to answer the questions "What causes people collectively to envision evil and seek to exterminate it?" and "Why does the representation of evil recur in such typical patterns?" Frankfurter guides the reader through such diverse subjects as witch-hunting, the origins of demonology, cannibalism, and the rumors of Jewish ritual murder, demonstrating how societies have long expanded upon their fears of such atrocities to address a collective anxiety. Thus, he maintains, panics over modern-day infant sacrifice are really not so different from rumors

about early Christians engaging in infant feasts during the second and third centuries in Rome. In *Evil Incarnate*, Frankfurter deepens historical awareness that stories of Satanic atrocities are both inventions of the mind and perennial phenomena, not authentic criminal events. True evil, as he so artfully demonstrates, is not something organized and corrupting, but rather a social construction that inspires people to brutal acts in the name of moral order.

[Europe, Volume 4](#) Aug 02 2021
The fifteenth to eighteenth centuries was a period of witchcraft prosecutions throughout Europe and modern scholars have now devoted a huge amount of research to these episodes. This volume will attempt to bring this work together by summarising the history of the trials in a new way - according to the types of legal systems involved. Other topics covered will be the continued practical use made of magic, the elaboration of demonological theories about witchcraft and magic, and the further development of scientific interests in natural magic through the 'Neoplatonic' and 'Hermetic'

period. Amongst the topics included here are Superstition and Belief in high and popular culture, the place of Medicine, Witchcraft survivals in art and literature, and the survival of Persecution.>

The Lion, the Witch and the Wardrobe (C. Birmingham edition) Dec 14 2019 · With millions sold, the best-selling *The Lion, the Witch and the Wardrobe* is now available in a new edition

[The Appearance of Witchcraft](#) Mar 09 2022 Fascinating and informative, this book explores how visual representations of witchcraft contributed to the widespread acceptance of beliefs in sixteenth-century Europe and helped establish

the conditions for the widespread persecution of witches.

Anatomy of a Witch May 19 2020 Embodied Witchcraft for Wisdom, Connection & Power This book is a guide to the most magical tool in your possession—your body. Not just your physical flesh-and-blood body, but also your symbolic Witch body, the conduit for bringing the material and metaphysical worlds together.

Within these pages, you will explore hands-on magical practices, exercises, and sigils related to your Witch Lungs, Heart, Bones, Mind, and the spiraling path of your inner Serpent. Magic flows most freely when you are in tune with your intuition and the power of your true self.

Through dozens of activities, prompts, spells, and rituals, *Anatomy of a Witch* helps you connect with the seen and unseen worlds, your ancestors, and your living community. Discover the profound correspondences between your body, the mythos of tarot, and the five elements. Practice rituals and activities for protection, warding,

rebalancing your home, and embracing your body, despite the limiting beliefs that society foists upon us. This book teaches you how to tap into your personal power as you make a pilgrimage to the inner workings of your true self.

The Oxford Handbook of Witchcraft in Early Modern Europe and Colonial America Feb 25 2021
The essays in this Handbook, written by leading scholars working in the rapidly developing field of witchcraft

studies, explore the historical literature regarding witch beliefs and witch trials in Europe and colonial America between the early fifteenth and early eighteenth centuries. During these years witches were thought to be evil people who used magical power to inflict physical harm or misfortune on their neighbours. Witches were also believed to have made pacts with the devil and sometimes to have worshipped him at nocturnal assemblies known as sabbaths. These beliefs provided the basis for defining witchcraft as a secular and ecclesiastical crime and prosecuting tens of thousands of women and men for this offence. The trials

resulted in as many as fifty thousand executions. These essays study the rise and fall of witchcraft prosecutions in the various kingdoms and territories of Europe and in English, Spanish, and Portuguese colonies in the Americas. They also relate these prosecutions to the Catholic and Protestant reformations, the introduction of new forms of criminal procedure, medical and scientific thought, the process of state-building, profound social and economic change, early modern patterns of gender relations, and the wave of demonic possessions that occurred in Europe at the same time. The essays survey the

current state of knowledge in the field, explore the academic controversies that have arisen regarding witch beliefs and witch trials, propose new ways of studying the subject, and identify areas for future research.

[Persuasions of the Witch's Craft](#) Jun 19 2020 To find out why reasonable people are drawn to the seemingly bizarre practices of magic and witchcraft, Tanya Luhrmann immersed herself in the secret lives of Londoners who call themselves magicians. She came to know them as friends and equals and was initiated into various covens and magical groups. She explains the process through which

once-skeptical individuals—educated, middle-class people, frequently of high intelligence—become committed to the ideas behind witchcraft and find magical ritual so compellingly persuasive. This intriguing book draws some disturbing conclusions about the ambivalence of belief within modern urban society.

[Witchcraze](#) Apr 17 2020 Argues that the witch hunts of the past were essentially a pogrom against women, in which independent women were blamed for the problems of the times

[All that Glitters](#) Jul 21 2020 Magic is in the air as wishdust wreaks havoc on Sabrina's life--

and now trouble's brewing for Friday night's big dance!

Witchcraft in Early Modern Germany Aug 14 2022

Seminar paper from the year 2004 in the subject History Europe - Other Countries - Middle Ages, Early Modern Age, grade: English Grade:58% von 70%, University of Nottingham (School of History), course:

Hauptseminar: Gender and Society in Early Modern Europe, language: English, abstract: 'Witch- hunting is seen as something pathological, a disease infecting like a plague the body of the communities in witch it raged.'¹ With these words the historian Bob Scribner described witchcraft and witch-hunts. They are defined as

something negative and pathological and it is obviously that witchcraft could easily emerged because of the traditional beliefs rooted in the early modern society of Germany. Witchcraft and witchhunts emerged in this period and made the population susceptible to the carrying out of denunciation and elimination of innocent people. The population had been easily influenced by the authorities like magistrates and their fellow citizens. In the following discussion/passage, witchcraft and witch-hunts concerning the early modern Europe will be less prominent rather than the study about witchcraft and witchhunts in

early modern Germany. In particular the main focus will stress on the south of Germany because it was the centre of witchcraft and witch-hunts. In addition to that some examples will be mentioned to show special witchcraft and witch-hunt cases. First it will be examined how the term 'witch' is defined shown in a historical, linguistic and an etymological way. Then the two authors of the *Malleus maleficarum*² and their ideas about witches and witchcraft will be mentioned. In the forth chapter the social context shall be examined. In this passage the accused shall be represented and the reasons which led to their accusation. In the last chapter the witch-

hunts in early modern Germany shall be represented. It keeps the question in what way the witch-hunts increased during the early modern period and which reasons contributed to their decline. Furthe

[Bibliography of Scientific and Industrial Reports](#) Jul 01 2021

Witch Craze Jul 13 2022 From the gruesome ogress in Hansel and Gretel to the hags at the

sabbath in Faust, the witch has been a powerful figure of the Western imagination. In the sixteenth and seventeenth centuries thousands of women confessed to being witches—of making pacts with the Devil, causing babies to sicken, and killing animals and crops—and were put to death. This book is a gripping account of the pursuit, interrogation, torture, and burning of witches during this period and beyond. Drawing on hundreds of original trial transcripts and other rare sources in four areas of Southern Germany, where most of the witches were executed, Lyndal Roper paints a vivid picture of their lives, families, and tribulations. She

also explores the psychology of witch-hunting, explaining why it was mostly older women that were the victims of witch crazes, why they confessed to crimes, and how the depiction of witches in art and literature has influenced the characterization of elderly women in our own culture.
