Learn the difference in cost of ownership and emissions between electric and gas-powered vehicles Explore your options and find an electric car that fits in your budget Know when and how to charge your vehicle, and what kind of maintenance it needs Figure out how to charge your car on the go This is the perfect book for new and would-be electric car owners looking for guidance on buying and maintaining one of these super sleek machines. Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better. Lively and engaging, this invaluable handbook puts the continent's great cities and regions at your fingertips, and includes all the highlights plus the very best off-the-beaten-path experiences that make any visit to Europe memorable. Packed with experienced insider tips, *Europe For Dummies* offers: Essential information on London, Edinburgh, Dublin, Paris, Amsterdam, Munich & the Bavarian Alps, Vienna, Prague, Rome, Florence & Tuscany, Venice, Barcelona, and Athens A select choice of favorite hotels and eateries in every destination and price category Indispensable foreign language glossaries Advice on everything from planning a sensible itinerary and getting the best deals to using public transit and catching must-see sights Helpful tips on converting currencies, overcoming language barrier, avoiding crowds, and sampling local cuisine Giving new meaning to the term "fast food" Rest-stop grade F meat patty? Nah. Nuggets of reconstituted poultry bits? Pass. Deep-fried fish discus? No, really, thanks all the same. It's time to bid farewell to the roadside meal as you know it. Nearly twenty years ago, Chris Maynard and Bill Scheller opened the world's eyes to the beauty of car-engine gastronomy in the original *Manifold Destiny*. And now that another generation of both drivers and eaters has emerged, the cult classic is due for an overhaul. In this shiny, spanking-new edition, learn how to make s'mores in your Scion, poach fish in your Pontiac, even bust out a gourmet snack from under the hood of your Escalade. With step-by-step diagrams, crowd-pleasing recipes, and thorough instructions,

now you can turn your car into a kitchen without ever crossing any golden arches. Hilarious, bizarre, and ultimately (seriously!) useful, *Manifold Destiny* is and always will be an unparalleled original. So, slap a ham steak under the hood of your car, hit the gas, and drive until you reach delicious -- which is in approximately fifty miles, depending on traffic. • Reveals how you no longer need to “heal” emotional wounds to be fifth dimensional and shares practices to transform and transmute emotions instantly • Explores many spiritual tools and transformative shortcuts, such as activating meditations, sound healing, and crystals, along with channeled wisdom and advanced insights from angels and other higher beings • Shares meditations to clear out old emotional wounds, activate the pineal gland, manifest with crystals, discover your sixth sense, and open yourself to communication with higher intelligence, as well as a new chakra meditation based on the Divine Feminine spiral Humanity is shifting into the fifth dimension, but the transformation will not be a linear process. Our evolution follows a sine wave, moving from ideal expressions back to old familiar ones then on to even higher ideal expressions. It is the same with the shift to 5D. In this guide to anchoring yourself in 5D consciousness, Maureen St. Germain explores many tools and shortcuts to help you understand and master your own circumstances. She explains how to identify the progress you have made on the path of ascension and looks at ways to detach from the old paradigms of 3D reality. She reveals how you no longer need to “heal” emotional wounds through long processes in order to be fifth dimensional, and she shares practices to transform and transmute emotions instantly so they can be released and resolved into their highest expression. Maureen addresses concerns such as the electrification of the planet, showing how you can work around EMFs and other kinds of unseen toxicity. She also shares a revolutionary new chakra meditation based on the Divine Feminine spiral, which progresses from the heart chakra outward. With this book you can learn fluid ways of thinking, doing, and vibrating to open the portals of light within yourself as well as in the fifth dimension. Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better. Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better. This title's wallet-sized, tear-out cards help make Walt Disney World vacation plans portable. The guide includes restaurant ratings, experience and ride ratings based on age, easy-to-read park maps, and more. This study begins with the assumption that individual rights exist and stand as moral obstacles to the pursuit of national, no less than personal, interests. That assumption might seem to demand a pacifist rejection of all war, for any sustained war effort requires military operations that predictably kill many non-combatants, most of whom presumably have a right not to be killed. Yet the book concludes that sometimes recourse to war is justified. Its argument relies on the insights of John Locke to develop and defend a framework of rights to serve as the foundation for a new just war theory. The 5th Edition of Jack Marchewka's *Information Technology Project Management* focuses on how to create measurable organizational value (MOV) through IT projects. The author uses the concept of MOV, combined with his own research, to create a solid foundation for making decisions throughout the project's lifecycle. The book's integration of project management and IT concepts provides students with the tools and techniques they need to develop in this field. In his first book, Joshua Thomas expertly explains the dangers lurking within modern Mental Health Services and guides you towards sound and useful Psychological Therapy. The author has distilled hidden problems, including the awful lack of regulation, the dash for cash, the disregard for you as an individual, and the use of bad science to justify Bad Psych. The author also describes what makes a Good Psychologist and Good Psychology, so you can get Good Psych, the therapy that does you good. At the core of the book is a fearless insight into real therapy with real case studies. Each case provides unique insights into the murky world of psychological therapy. “A refreshingly honest appraisal of the dysregulated mental health services that the public and practitioners are faced with. Essential reading for individuals and families to increase their chances of connecting with the right psychology practitioner and avoiding poor practices. Interestingly, the book is a useful text for new and established psychologists in appreciating and assessing their own readiness to provide good therapy.” - Dr Jake Anderson, B.B.Ns, Ph.D, M.Psych (Clinical) "In *The New Superpower for Women*, Steve Kardian, a thirty-year veteran of law enforcement, FBI defense tactics instructor, and an expert on the criminal mind, demonstrates how to become a "hard target" and not a "soft target" by simply trusting your gut. Additionally, he shows how the habits of safety can become an integral part of your daily routine"-- We all need mechanics, yet half of us don't trust them. *The Car Care World* is a collection of humorous factual auto advice columns. Easy reads, these pearls of wisdom are written in consumer-advocate style by an experienced mechanic. The sometimes contentious viewpoints of owners and mechanics are discussed with humor. Some of the reasons for the distrust are explored, and some solutions are offered. The reader will begin to understand whom to trust and when to trust them. This is not a book about how to fix your own car, although hundreds of repair tips are presented, along with solid advice about necessary and unnecessary repairs to today's cars. It is a series of stories that will enlighten you about getting a car fixed by professionals without being duped, whether you “know cars” or not. Taking responsibility, taking action, and taking control of our finances empowers us and ultimately leads to financial freedom and its resultant peace of mind. We need to change the way we think about and behave with money; nothing changes if nothing changes we cant continue to do the same things weve done in the past and expect different results. Whether you're paying off debt, saving more or just living within your means, you're working at avoiding the fear and stress of those who are not in control of their finances. This book guides you through a step-by-step process of identifying your spending habits, designing a flexible and realistic budget, and tracking your expenses. It also offers numerous and creative ways of reducing your spending and increasing your savings. A little effort can save you thousands of dollars a year! In today's world, much unlike the world of long ago, before the 1980s--where women probably and seemingly didn't play as many games and didn't scheme as much as the women of today--one can clearly see, witness, and attest to the ever-present and overwhelming amount of game playing and scheming ways of most of the females we know, know of, see, and interact with on a day-to-day basis. Most every man, at one point or some point in his life, has fallen victim to a game or scheme of a female whom he has either tried to get with or hook up with, and many guys get hit with games and schemes even with those that they are married to or in relationships with. Practically no man is exempt. We all at some point will find ourselves faced with a woman whose sole purpose is to either go for what's in our pockets or bank accounts, or to try to get us to do something for them for free or to get us to buy them stuff without them appreciating it and then turning around and buying us stuff too as well. That's a big part of the world we live in as far as men interacting with women, and the sole purpose of this book is to at least get guys to recognize when they are being played and to not fall for the simple games that women play twenty-four hours a day. The most trustworthy source of information available today on savings and investments, taxes, money management, home ownership and many other personal finance topics. The book is a hand book on how to maintain your car. The author has used a lot of knowledge he acquired through the years as he drove and maintained his cars. The author is someone whose fancy is driving and touring. The author is confident that the readers who follow his pieces of advice will save a lot of money and their cars will last for a long time. *Driverless America* predicts how the change to automated vehicles will affect many aspects of our lives and the surrounding landscape. The impact will be widespread throughout our diverse population and landscapes. Many impacts will be positive, such as fewer people dying in crashes, disabled people gaining mobility, more affordable housing, better water quality, and lower greenhouse gas emissions. But we may experience downsides such as jobs lost in construction and trucking, abandoned gas stations, fewer organ donations, and more difficult hurricane evacuations. This book is intended to spark discussions that encourages people start thinking ahead to the changes that will occur, hastening the positive ones and acting to mitigate the negative ones. Let *The Smart Cookies* show you how to eliminate debt, spend smarter, save better, and achieve financial freedom—without sacrificing your social life or your sanity! They were five dynamic young women: smart, successful—and secretly drowning in debt. Inspired by an episode of *The Oprah Winfrey Show* on personal finance, Andrea, Angela, Katie, Robyn, and Sandra formed a money club, together developing strategies for turning their finances around. Just one year later they had dramatically improved their financial situations—and had made major developments in their careers, relationships, and life goals to boot. Their proven recipe for success has since been featured on *The Oprah Winfrey Show*, MSNBC, and in the *New York Daily News*. How did they do it? These five women—with varied careers in marketing, public relations, social work, and TV production—joined forces to create a fun, simple, effective strategy for achieving financial success, forming a money club and supporting each other every step of the way. Now, in this extraordinary hands-on guide, the women, who soon dubbed themselves *The Smart Cookies*, share the secrets of their success. Weaving anecdotes from their own lives with practical, how-to advice, *The Smart Cookies* offer strategies that cut across the financial spectrum, whether you're deeply in debt or just want to manage your money better. Tackling the unique financial challenges facing women today, they offer easy-to-follow advice on everything from creating a spending plan to boosting your income to starting your own money club. An essential guide to all aspects of car painting, for keen amateurs and professionals alike. With step-by-step instructions and illustrations throughout, *Car Painting* covers the entire process - from panel preparation to spraying and painting techniques - offering guidance and tips on painting your car to a professional standard. With a focus on safety throughout, the book also covers: selecting and understanding paint, including important legislation; materials and equipment, and building your own paint booth; preparing your car, including parts removal, sanding, chemical stripping and rust proofing; masking and priming; painting techniques - spraying, clear coats and drying; stripes and custom touches; polishing, reassembly and preservation and finally,

troubleshooting. Superbly illustrated with 200 colour photographs. Popular Mechanics inspires, instructs and influences readers to help them master the modern world. Whether it's practical DIY home-improvement tips, gadgets and digital technology, information on the newest cars or the latest breakthroughs in science -- PM is the ultimate guide to our high-tech lifestyle. Each year, more than a million Canadians, affectionately dubbed "Snowbirds," migrate to southern climes to enjoy warm weather and sandy beaches. The strong Canadian dollar is making the trip more affordable and attractive than ever. But post-9/11, Canadians face tighter security, higher health costs, and higher fuel costs when traveling to the US. Canadians must budget accordingly. Especially for first-timers, how can they properly plan their trip to ensure a worry-free time away from home? Among the topics this book includes are: the Snowbird lifestyle; financial planning; what documents you need to enter the US; what types of insurance and coverage are recommended; ensuring you have an up-to-date will; how US tax law applies to Canadians if money is earned or property sold; snowbirding in Mexico and Costa Rica; plus FAQs, checklists, and sources of further information. New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.
