9 Ways To Bring Out The Best In You And Your Child Feb 24 2021 Many parents are waking up to the fact that parenting is not about controlling their children, but about empowering themselves and their children. *9 Ways to Bring Out the Best in You and Your Child* is about turning power struggles into powerful relationships. It is about raising children who are full of spirit and life, and about teaching them to be caring human beings. Maggie Reigh teaches that parenting is a matter of the heart. Combining profound insights with practical ideas, Reigh shows parents how to raise respectful, responsible, and resilient children, and at the same time, add more life and laughter to their children's lives and their own. This is a book about raising children full of spirit and life, and teaching them to be caring human beings.

Het boek waarvan je wilde dat je ouders het hadden gelezen Jan 18 2023 Iedere ouder wil dat zijn kind gelukkig is, en dat het in een veilige omgeving opgroeit tot een gelukkige volwassene. Maar hoe doe je dat? In dit wijze, verstandige en verfrissende boek staat alles wat er in de opvoeding van een kind écht toe doet. Geen praktische tips over slapen, eten, goede manieren of huiswerk, maar helder advies over de essentie van het ouderschap. Op basis van haar rijke ervaring als therapeut, haar wetenschappelijke inzichten en haar persoonlijke ervaringen als ouder, behandelt Philippa Perry de grote vragen van de ouder-kindrelatie, van baby tot tienerjaren. Hoe ga je om met je eigen gevoelens en die van je kind? Hoe zien je gedragingen en patronen eruit? Hoe ga je om met je ouders, je partner, vrienden? Dit boek biedt een brede, verrassende kijk op een diepgaande en gezonde ouder-kindrelatie. Zonder oordelend te zijn, geeft Perry op een even directe als geestige manier inzicht in de invloed van je eigen opvoeding op je ouderschap. Het is een boek vol liefdevol advies over het maken van fouten en het onder ogen

zien daarvan - waardoor het uiteindelijk goed zal komen. Philippa Perry is al twintig jaar psychotherapeut en schrijver. Ze is verbonden aan The School of Life. Daarnaast is ze tv- en radiopresentator en werkte ze mee aan vele documentaires. Ze woont in Londen met haar echtgenoot, de kunstenaar Grayson Perry, met wie ze een volwassen dochter heeft.

Giving Your Child Medication...Safely Mar 28 2021 GIVING YOUR CHILD

MEDICATIONSAFELY is best described by its sub-title: A practical handbook for parents. For that is what it is. It is practical, written in a conversational style, without medical jargon or heavy scientific terms. It is a handbook -- a volume to be referred to whenever there is any questions about medication or your child: what the prescription is, how to administer it, how to position the child most effectively without too much trauma, and even a discussion of the psychological and emotional aspects of administering these therapeutic agents. Pleasant and easy reading and clearly-explained management of medication for your child, backed by years of actual experience, make this book a valuable addition to your medicine cabinet.

When Your Child Has . . . Dyslexia Dec 05 2021 Finding out that a child has dyslexia can be shocking and confusing - and thousands of parents get this disturbing news every day. Appearing as early as when a child is struggling to say "Mama" and "Dada," dyslexia is a condition that will affect a child's ability to read, write, and understand basic language construction - and for a parent, this can be a tough reality to take in. Covering information on every stage of diagnosis, treatment, and growth, this reference will help parents: teach children how to cope with educational, personal, and social difficulties; choose the right school and reduce academic struggles; maintain communication with their frustrated child; and more. Providing parents with the invaluable information and resources they need, this book takes an in-depth look at the reality of the disability and manages to make sense of it for worried parents.

It's a pleasant change to see him/her exercising his/her skills while sitting quietly in one corner. The brain gets the most exercise when a child thinks of ways to solve a puzzle. A matching game, although easy, encourages a child's critical thinking skills. Encourage your child to play today!

To Keep My Body Safe, I Have a Plan Dec 25 2020 To Keep My Body Safe, I Have a Plan is a groundbreaking children's picture book to effectively teach safety, whether on a play date, at school, or anywhere a child might be without his or her trusted caregiver. Developed with the guidance of renowned child safety expert, Pattie Fitzgerald, Founder of Safely Ever After, Inc., and grounded in brain science, this book is essential for all school-age children, though it is appropriate for younger children as well. Safety of the body can be a difficult topic to discuss with kids, but the rules are straightforward and critical. Research by the Center for Disease Control and Prevention estimates that one in six boys and one in four girls are sexually abused before the age of eighteen. Many books on safety emphasize "stranger danger," but an estimated ninety-percent of sexual abusers are known to the child. The safety rules in this book could save your child from being a victim of child molestation. This book gently introduces children to the concept of SAFE ADULTS, INTUITION, and the ESSENTIAL RULES for keeping the body safe. Children will be empowered to L.E.A.D.: to integrate Logic and Emotions to Analyze and Decide on a safety plan. Learning safety facts, examining the emotions involved, analyzing safety tips, and deciding on a safety plan gives children security, confidence, and the tools they need to keep their body safe. Blueprint it: This Have a Plan title can also be personalized online at www.littleblueprint.com. Children will learn safety rules while viewing their name, personal photos, a character that resembles them, and/or a dedication. A personalized book makes a child the

hero of their story, engaging them and promoting comprehension and recall of potentially life-saving concepts. Indie Reader approved! IR Verdict: TO KEEP MY BODY SAFE, I HAVE A PLAN is a book to teach and empower children with knowledge to protect themselves and others. TO KEEP MY BODY SAFE, I HAVE A PLAN equips children with tools for thinking through a dangerous environment, with logical steps for personal safety. It lays the groundwork for a child's healthy self-esteem by helping the child to know that his or her feelings are valid. And it models the process for a child to plan a way of escape when in an uncomfortable situation. Author Katherine Eskovitz maps out safe scenarios and suggestions for a personal safety plan. Illustrator Jessica Churchill combines an interesting assortment of still life photos with cartoons to bring home the point. The partnership of author and illustrator works beautifully to provide an appealing book that doesn't overwhelm the child with worst-case scenarios. Children will connect with the story and pictures as they learn valuable lessons in self-care. This book is a part of a series of books created to teach children life skills. The author began the series in an effort to help her own children take charge of the challenges they faced, and shared her secrets as the books equipped her own parenting skills. The website, www.littleblueprint.com displays the storylines for each, with a goal to L.E.A.D. Using logic, emotions, analysis and decision making, children are equipped with a formula to tackle life's difficulties in its various forms. The books are appropriate for toddlers through the teen years, as the comprehension levels increase with age. Truly, it's never too early to teach a child about being aware of the environment and understanding an appropriate response. And the plan formed is adjustable as needed for the child's benefit. Parenting Your Child with ADHD Jun 11 2022 It is now possible for concerned parents to treat their child's attention deficit/hyperactivity disorder (ADHD) without medication. This book shows them how. Written by a supervising psychologist who specializes in child behavioral issues, *Parenting Your Child with ADHD* presents a groundbreaking program for parents seeking to reduce their child's inattention, hyperactivity, and impulsivity and strengthen his or her capacity for self-reliance and cooperation. This unique program promotes positive ways of interrelating and shows parents the five main ways they may have unwittingly reinforced ADHD symptoms in the past. Far from encouraging

parents to strictly manage ADHD children, this approach promotes independence in kids so that less discipline and surveillance is necessary. Specifically, this book helps parents promote cooperation by phrasing their requests in specific ways, reduce pressure on their child, and acknowledge the child's preference as a way to make cooperation a more attractive choice to him or her. Parents learn to resolve problems related to messiness, inappropriate silliness and intrusiveness, chores and helping family members, coordinating schedules, sneaking and stealing, noise and yelling, and overreacting. The second part of the book moves on to issues that take place outside the home, such as shopping excursions, family outings, and travel. Finally, parents learn ways to increase their child's independence and cooperation with schoolwork and compliance in the classroom environment. The child learns the value of being knowledgeable without the motivation of punishment or gift rewards.

Everything You Never Wanted Your Kids to Know About Sex (But Were Afraid They'd Ask) Apr 28 2021 If you've ever tried to tell your six-year-old how babies are made or your fourteen-year-old how condoms work, you know that grappling with telling your kids about sex can be a sweat-drenched exercise. But it doesn't have to be. *Everything You Never Wanted Your Kids to Know About Sex (But Were Afraid They'd Ask)* is a one-of-a-kind survival guide that will help you stay sane through every stage of your child's sexual development. After interviewing scores of parents and analyzing decades of scientific research, two nationally respected, Harvard-trained physicians share their expertise in this brilliantly insightful, practical, and hilarious book that has fast become the leading resource for parents of toddlers to teens. This indispensable guide covers all the bases, including:

- What to expect at each stage of your child's development and how you can influence it from birth onward
- What to tell your kids at every age about sex and how to get the conversation going
- What to do when your five-year-old turns up naked with the girl next door, your toddler is rubbing on her teddy bear, or your six-year-old walks in on you having sex
- How to avoid unnecessary clashes with your middle-schooler while managing privacy, crushes, and what to wear
- How to encourage your teenager to use contraception without encouraging her to have sex, and how to help her choose the method that's best for her

So How Do I Parent THIS Child? Aug 21 2020 Parents don't determine who their kids become. They steward them into who they're meant to be. One of the most common myths in parenting books—you see it everywhere—is that parents are responsible for who their children turn out to be. Proper input yields proper output, or so the thinking goes. But that mindset works with machinery, not people. The truth is, your child has a unique set of traits—their giftedness—that only they possess. The parent's job isn't to crank out a product, but to point an individual human being toward a healthy, flourishing life. In *So How Do I Parent THIS Child?*, brother and sister duo Bill Hendricks and Bev Hendricks Godby team up to help you understand the difference between producing a product and parenting a person. They take you through all the stages of child rearing—from diapers to driver's licenses to diplomas—to give you a comprehensive look at how identifying giftedness and helping your children discover it for themselves makes all the difference. As a parent, you've got a lot of challenges ahead. But with intentionality and an individualized approach, you'll see your kids grow up to become the mature and confident adults that they're intended to be.

Tell Your Children Apr 16 2020 In "a brilliant antidote to all the...false narratives about pot"

(American Thinker), an award-winning author and former New York Times reporter reveals the link between teenage marijuana use and mental illness, and a hidden epidemic of violence caused by the drug—facts the media have ignored as the United States rushes to legalize cannabis. Recreational marijuana is now legal in nine states. Advocates argue cannabis can help everyone from veterans to cancer sufferers. But legalization has been built on myths—that marijuana arrests fill prisons; that most doctors want to use cannabis as medicine; that it can somehow stem the opiate epidemic; that it is beneficial for mental health. In this meticulously reported book, Alex Berenson, a former New York Times reporter, explodes those myths, explaining that almost no one is in prison for marijuana; a tiny fraction of doctors write most authorizations for medical marijuana, mostly for people who have already used; and marijuana use is linked to opiate and cocaine use. Most of all, THC—the chemical in marijuana responsible for the drug’s high—can cause psychotic episodes. “Alex Berenson has a reporter’s tenacity, a novelist’s imagination, and an outsider’s knack for asking intemperate questions” (Malcolm Gladwell, *The New Yorker*), as he ranges from the London institute that is home to the scientists who helped prove the cannabis-psychosis link to the Colorado prison where a man now serves a thirty-year sentence after eating a THC-laced candy bar and killing his wife. He sticks to the facts, and they are devastating. With the US already gripped by one drug epidemic, *Tell Your Children* is a “well-written treatise” (Publishers Weekly) that “takes a sledgehammer to the promised benefits of marijuana legalization, and cannabis enthusiasts are not going to like it one bit” (Mother Jones).

Bullyproof Your Child Oct 03 2021 Grade school bullies are a fact of life. But kids can protect themselves from these tormenters, thanks to Keith Vitali, a Black Belt Hall of Famer and a past guest on the *The Oprah Winfrey Show*. He shows parents some very basic self-defense techniques that they can teach their children so kids have the skills to stand up for themselves in everyday situations. Vitali’s simple instructions come accompanied by lots of black-and-white photographs in easy-to-follow, step-by-step sequences. In addition to explaining these defensive moves, Vitali explains what a bully is and the motivations behind his or her actions. Real-life stories provide additional insight into the emotional harm done to the victim, making this a valuable tool for parents and teachers alike.

Conquering Your Child's Chronic Pain Apr 09 2022 From a renowned expert in the field, a parent's guide to managing their child's chronic pain—to give back normal life to the 1 in 5 children for whom pain is a serious problem. A child's chronic pain undermines school performance and social and emotional health, erodes finances, and devastates the family. This book reveals what parents can do to alleviate their child's pain on a daily basis. Dr. Zeltzer's clinic is renowned for treatment of pediatric pain stemming from headaches, arthritis, irritable bowel syndrome; fibromyalgia, and more, via a

multidisciplinary approach including specialists in psychiatry, hypnotherapy, yoga, acupuncture, biofeedback, and others. Based on more than 30 years study, Dr. Zeltzer offers ways to take control of the pain and ultimately become pain-free. She explains how to tell if the pain has become chronic, soothe the nervous system, reactivate the body's natural pain control mechanisms, which medications are most effective, breathing, muscle relaxation and visualization techniques, how to reduce parents' guilt and much more. It is never too late to treat pain in children, no matter how long it has lasted, says Dr. Zeltzer. Her book offers help and hope to families desperately in need.

How to Double Your Child's Grades in School Jul 12 2022 A classic bestseller. Does your child dread test days? Procrastinate over doing homework? Hate going to school-and perhaps even feel he's stupid for not catching on in class? It takes just minutes a day to improve a child's grades--and self-esteem--by leaps and bounds and give him or her a brighter future. Designed to maximize the potential of students in kindergarten through college, these time-tested, proven methods will turn B's into A's, C's into B's, and provide D students with dramatic improvements. The wonderfully simple techniques focus on three crucial areas of study: reading, writing, and arithmetic. Easy-to-follow lessons suggest ways to organize your child's study time, make mathematics fun, and help children express themselves clearly in writing. Try the tips for transforming kids into master readers in three steps, and give him or her the word power to understand new vocabulary without consulting a dictionary. There are even test-taking strategies and ways to overcome some of the problems associated with Attention Deficit Disorder.

Trauma-Proofing Your Kids Feb 19 2023 Understand the different types of upsets and traumas your child may experience—and learn how to teach them how to be resilient, confident, and even joyful The number of anxious, depressed, hyperactive and withdrawn children is staggering—and still growing! Millions have experienced bullying, violence (real or in the media), abuse or sexual molestation. Many other kids have been traumatized from more “ordinary” ordeals such as terrifying medical procedures, accidents, loss and divorce. Trauma-Proofing Your Kids sends a lifeline to parents who wonder how they can help their worried and troubled children now. It offers simple but powerful tools to keep children safe from danger and to help them “bounce back” after feeling scared and overwhelmed. No longer will kids have to be passive prey to predators or the innocent victims of life’s circumstances. In addition to arming parents with priceless protective strategies, best-selling authors Dr. Peter A. Levine and Maggie Kline offer an antidote to trauma and a recipe for creating resilient kids no matter what misfortune has besieged them. Trauma-Proofing Your Kids is a treasure trove of simple-to-follow “stress-busting,” boundary-setting, sensory/motor-awareness activities that counteract trauma’s effect on a child’s body, mind and spirit. Including a chapter on how to navigate the inevitable difficulties that arise during the various ages and stages of development, this ground-breaking book simplifies an often mystifying and complex subject, empowering parents to raise truly confident and joyful kids despite stressful and turbulent times.

Parenting Without Remorse Sep 02 2021 This book is my most precious gift to every parent in my generation who is looking for a dependable source of understanding on bringing up their children safely, healthily, and happily. What is given in the pages within is the quintessence of all that I and my wife have experienced in our forty-two years of parenting. Yes, our parenting days are not over yet; no, we did not have new offsprings after our third child was born four decades ago. But we are still parenting our three children with the same principles with which we brought them up to adulthood, and we are continuing to reinforce in them the same values we have been instilling in them since their childhood. I have been emboldened to write this book and pass on precious parenting insights to fathers and mothers everywhere only because I and my wife are today rejoicing to the utmost in the awesome spiritual, emotional, physical, and financial fruits borne in the lives of our three children. From the astonishing fact that none of our children ever had a single tooth problem to this day and never had to visit a dentist once, and from the joyous observation that all three of them are exemplary spouses and parents, to the fact that our two sons and our daughter are enjoying exceptionally successful careers, I derive my confidence for writing this book. Do not become another parenting casualty. Billions of

well-intentioned dads and moms down through history have woken up one day too late and realized to their horror that the phase of fourteen to sixteen years they had been gifted with to make the joyous difference in their children's lives was forever lost - never again redeemable throughout eternity. Now had so suddenly and mercilessly turned to Never for them, to their lifelong remorse. I earnestly wish you the same joys that we are blessed to have today. May this book provide you all the insights you need to lay the foundation for bringing up your children for a lifetime of joy.

How to Raise Your Children Properly Nov 11 2019 My name is Vronika Jones Known to the nation as Majesty. First I want to thank those this book is meant for, this book won't be for everyone but for those who are ready to humble themselves and listen for a little while I pray. This book will help you to humble yourself as you raise and cater to your children in a Godly manner and you will be able to not only see things your way but also understand your children ways as they grow up to be who they are meant to become. This book addresses parents around the world to help them put down their anger and put on their humble and patient attitude. As a parent you must remember your children will not stay kids and as they hit their middle adult years, everything you have done to criticize them, abandon them, abuse them mentally, verbally or physically it will all come running back throughout their brains and souls nostalgically. When they age you have to remember just because you have forgotten, your children will never ever forget how you have abused them while they were growing up. So while they're growing up be careful in the way you use your tongue when speaking to your children if you want to maintain a bond with your children when they become adults. You're your children's keeper and protector, it's time for parents to maintain a bond so strong in their kids that no one can even get close to them to destroy what you have with your children. Let's not forget are kids are us, they came from us so remember when you are talking badly to someone about your children or to your children, what you're doing is talking about how you really feel about yourself on the inside. When you heal, you heal your whole bloodline and every generation going forward. Blessings.
