**Walks, Tracks and Trails of Queensland's Tropics Jul 14 2022**

**Queensland's tropics provide numerous environments for enjoyable  
walking: lush rainforests, cloud-shrouded mountains, extinct  
volcanoes, savanna woodlands, and magnificent beaches on the coast  
and Great Barrier Reef islands. This book brings together more than  
150 of the best walks, tracks or trails in Queensland's tropics, located  
within the coastal strip between Rockhampton and Cooktown. Walks  
vary from short boardwalk strolls in the lowland rainforests of  
Daintree National Park to 4-6 day hiking and camping trips on  
Hinchinbrook Island. Other routes follow old gold miners' and forestry  
tracks or coaching routes or feature historical sites, rivers, lagoons,  
geological and geographical formations or much earlier Aboriginal  
communication tracks where Dreamtime stories add a further  
dimension. Man-made environments of abandoned gold towns,  
heritage riverfronts, Art Deco streetscapes and Second World War  
installations also feature. Most routes are best completed during the  
'Dry' season (May to October) and walked by moderately fit  
individuals. Most do not require specialist navigation or bushcraft  
skills. Walks, Tracks and Trails of Queensland's Tropics highlights the  
best the region has to offer. Easy-to-interpret maps are included to  
help you navigate, and the book's size makes it convenient to carry in  
the backpack.**
