The average Christian knows somewhat how dangerous radical Islam is because of the regular media coverage of beheadings of Christians, Jews, and even young little children, not to mention Muslims with which they disagree. However, the average Christian does not know their true beliefs, just how many there are, to the extent they will go to carry out these beliefs. Daily we find Islamic commentators on the TV and radio, offering up misleading information, quoting certain portions of the Quran while leaving other parts out. When considering Islamic beliefs, other Islamic writings must be considered, like the Hadith or Sunnah, and the Shariah, or canon law. While Islam, in general, does not support radical Islam, the vast majority do support radical beliefs. For example, beheadings, stoning for adultery or homosexuality, suicide bombings, turning the world into an Islamic state, and far too many other heinous things. THE GUIDE TO ANSWERING ISLAM provides Christians with an overview of Islamic terminology. The reader will learn about Muhammad ' s calling, the history of the Quran, how Islam expanded, the death of Muhammad and the splinter groups that followed. In addition, the three sources of their teaching, six pillars of belief, five pillars of Islam, the twelfth Imam, and much more will be discussed. While there are several books on Islam and radical Islam, this will be the first that will prepare its readers to communicate effectively with Muslims in an effort toward sharing biblical truths. THE GUIDE TO ISLAM will be an effective evangelism tool. In addition, each chapter will end with review questions, helping the reader recall the main points of the chapter. Therefore, it can be studied alone or in a church Bible study setting. THE GUIDE TO ANSWERING ISLAM has the contents constructed in a way that will greatly serve the Christian Church. There are many recent books written by Christians about Islam, and there are many books written recently about radical Islam.

However, none of these recent books attempts to do what has been done, which is to give an adequate portrayal of Islam, critiqued by history and Christian doctrine, and then culminating in an extensive evaluation of the rise of Radical Islam from a Christian's perspective. The Imam, the Divine Guide, is the central point around which the Shi'ite religion turns. The power of Shi'ism comes from the actions of the Imam. This title is reserved exclusively for the successors of the prophets in their mission. The author shows that from the beginning of Shi'ite Islam until the tenth century, the Imam was primarily a master of knowledge with supernatural powers, not a jurist theologian. The Imam is the threshold through which God and the creatures communicate. He is thus a cosmic necessity, the key and the center of the universal economy of the sacred. The author presents Shi'ism as a religion founded on double dimensions where the role of the leader remains

constantly central: perpetual initiation into divine secrets and continued confrontation with anti-initiation forces. Without esotericism, exotericism loses its meaning. Early Imamism is an esoteric doctrine. Historically, then, at the beginning of esotericism in Islam, we find an initiatory, mystical, and occultist doctrine. This is the first book to systematically explore the immense literature attributed to the Imams themselves in order to recover the authentic original vision. It restores an essential source of esotericism in the world of Islam. A Simon & Schuster eBook. Simon & Schuster has a great book for every reader.
